Exit Level Outcomes

- Communicate in a variety of ways and interact with internal and external workplace role-players.
- Use mathematical conventions to solve personal problems and undertake workplace calculations for operational purposes.
- Understand and explain the composition of the supply chain in relation to its role in the transport industry.
- Apply the relevant health, safety, security and environment legislation, policies and practices in the transport industry.
- Demonstrate life-skills and entry-level workplace skills in the transport environment

The KLM Empowered X-Perience

X-Ploration

For each of the SIX integrated learning blocks, learners explore content on their own before engaging with others. Guided by self-study plans and diagnostic self-assessment, they formulate their own insights to share.

X-Tension

Workplace application assignments allow learners to put their new learning to use on the job. Under the guidance of mentors, and with access to performance and wellness support, learners hone their skills and add value.

X-Citement

Learners receive a welcome letter and an X-Perience Map detailing the flow of their qualification. An orientation session helps them to understand the benefits and career options linked to the qualification.

X-Change

Learners attend facilitator-led sessions, either in class or online, to share their learning and refine their skills in a safe environment. Collaborative activities and peer feedback build learning synergy and allow learners to master specific skills.

X-Cellence

Each learner's progress is measured against learning outcomes through formative and summative assessment. Final examinations and presentations are used to obtain an accurate picture of overall understanding and mastery of the content.

Learning Blocks

1

Freight Handling

ID	Unit Standard Title	Level	Credits
252249	Explain the role of transport logistics	1	2
252255	Utilize layout signs and signal communications in the transport industry	1	4
252264	Prepare freight for storage	1	2
252261	Prepare freight for transportation	1	4
119373	Describe and represent objects in terms of shape, space and measurement	1	5
Total			17

2

Stock Related Functions

ID	Unit Standard Title	Level	Credits
114891	Count stock for a stock-take	2	5
117898	Move, pack and maintain stock in a distribution centre/warehouse	2	12
117899	Pick stock in a distribution centre/warehouse	2	12
Total			29

3

Customer Service

ID	Unit Standard Title	Level	Credits
252244	Describe the impact of customer service on a business	1	6
119635	Engage in a range of speaking/signing and listening interactions for a variety of purposes	1	6
119640	Read/view and respond to a range of text types	1	6
119636	Write/Sign for a variety of different purposes	1	6
Total			24

4

Occupational Health and Safety

ID	Unit Standard Title	Level	Credits
252279	Explain occupational health & safety within the transport industry	2	6
119364	Evaluate and solve data handling and probability problems within given contexts	1	5
119368	Describe, interpret and represent mathematical patterns, functions and algebra in different contexts	1	6
Total			17

5

Firefighting and Basic Life Support

ID	Unit Standard Title	Level	Credits
119567	Perform basic life support and first aid procedure	1	5
252250	Apply firefighting techniques	1	3
Total			8

Electives

ID	Unit Standard Title	Level	Credits
14656	Demonstrate an understanding of sexuality and sexually transmitted infections including HIV/AIDS	1	5
110254	Understand chemical dependency and apply personal health care	1	3
119362	Work with numbers; operations with numbers and relationships between numbers	1	4
243189	Manage personal finance	1	8
Total			20
